**wsdm 2017**  
Tenth ACM International Conference on Web Search and Data Mining

The tenth ACM International WSDM Conference will take place in Cambridge, UK, during February 6–10, 2017. WSDM welcomes high-quality papers related to search and data mining on the Web and Social networks, with an emphasis on practical yet principled novel models, algorithm design and analysis, economic implications, and in-depth experimental analysis of accuracy and performance.

The venue for **WSDM 2017** is The Guildhall, right in the heart of historic Cambridge. The reception will be held at the unique MAA Museum of Archaeology and Anthropology. The banquet will be held at nearby Ely Cathedral, which has its origins in AD 672.
